THE GIRL'S PICTURE BOOK.

See what a fine plant is in
this pot! Our little readers
must learn to cultivate plants.
It is very pretty work for
young ladies.

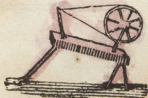

Here is a little **girl**, with
a bunch of flowers she has
gathered in the garden to
give her little sister.

Here is a picture of a
cradle, for Emily to rock
her little brother or sister in.

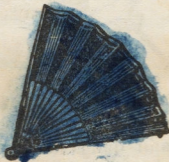

Here is a **chair** to sit on.

Here is a **spinning wheel**, used by farmers' wives and daughters to spin linen, thread and yarn. Linen thread is made of flax.

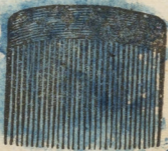

Here is a lady's **bonnet**,
which is useful in a warm
day to shade from the sun.

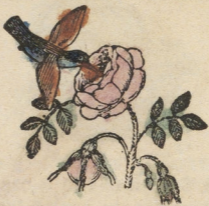

A **fan** is used by ladies
in hot weather.

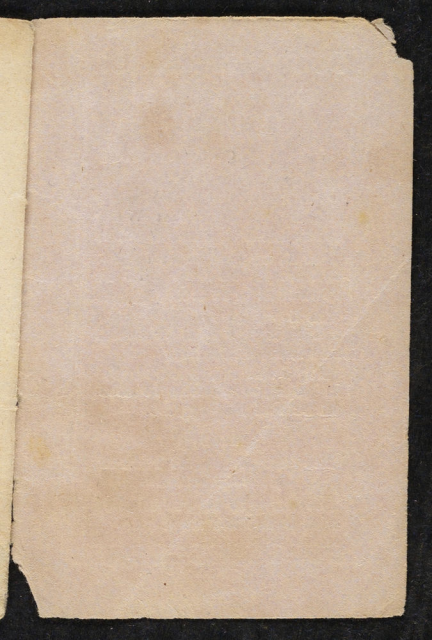

A **tea kettle** is used to
heat water to make tea or
coffee.

Lady's hair **comb**.

Here is a beautiful little **humming bird**, extracting honey from a flower. As soon as it gets a supply of honey, he will be off very quick, as he flies faster than any other bird. Good children will not hurt birds. It is very wicked to destroy birds' nests.
